**RE: Letter of Reference for Łukasz Putresza and Stal-Tech Sp z o.o**

Dear Sir or Madam,

It is with great pleasure, that we hereby provide a letter of reference to Łukasz Putresza and his company Stal-Tech Sp z o.o. We have commissioned Stal-Tech on several occasions, including the prefabrication of a 9,5 ton free-standing steel staircase at Pippelweg 69, Braunschweig, Germany (seen below – during assembly). Both Łukasz and Stal-Tech as a whole, always conducted their business with us in the most professional way possible and delivered products of the highest quality. From planning to delivery, all processes pertaining to the commissioned works were executed in a timely and orderly fashion and to our highest satisfaction. We can therefore highly recommend working with Stal-Tech to anybody who should consider doing so.

If you should have any additional questions, please feel free to contact us.

Best Regards,

**Scheibe Immobilien**  
Hamburger Str. 284  
38114 Braunschweig
